

Tailgating means **BRATS & BEER** served up with a generous helping of **PAIN?**

If chronic acid reflux (GERD) has you saying "No thanks" to your tailgating favorites, it's time to learn more about the TIF procedure.

This innovative and highly effective* treatment option makes it possible for Dr. Clifford P. Black to reconstruct the body's natural barrier to reflux *without an incision*.

No more pain. No more pills. No scar.
Isn't it time to get back in the game?
